PLANIMETRIA GENERALE

STATO ATTUALE  
PLANIMETRIA SCALA 1:200

Planimetric drawing of the current state of the sports field. The drawing shows the layout of the field, including the goalposts, and the surrounding area. Key features include:

- Corso Trento** and **Via Cherasco** running along the top and right sides of the field.
- AREA OGGETTO DI INTERVENTO** (Area of Intervention) marked in the center.
- Plante di alto fusto (carpini) esistenti da conservare** (Existing high-stemmed trees to be preserved) marked with green circles.
- Prato verde** (Green grass) areas.
- Plante di Siepe CIPRESSO LEVLANDI esistenti da conservare** (Existing cypress hedges to be preserved) marked with green lines.
- biglietteria - bar** (Ticket booth - bar) located near the bottom left.
- aiuola** (Plant bed) located near the bottom left.
- accesso carrai** (Tractor access) located near the bottom left.
- autobloccanti in cemento** (Concrete autoblocks) located near the bottom left.
- ghiaia** (Gravel) area located near the bottom left.
- tribune** (Stands) located near the bottom left.
- muro di recinzione in progetto** (Project fence wall) marked with a dashed line.

COMPARATIVA  
SCALA 1:500

Comparative planimetric drawing showing the proposed changes (red) and existing structures (yellow). The drawing includes a legend:

- demolito** (demolished) - yellow square
- costruito** (constructed) - red square

The drawing shows the layout of the field, including the goalposts, and the surrounding area. Key features include:

- Corso Trento** and **Via Cherasco** running along the top and right sides of the field.
- Plante di alto fusto (carpini) esistenti da conservare** (Existing high-stemmed trees to be preserved) marked with green circles.
- Prato verde** (Green grass) areas.
- Plante di Siepe CIPRESSO LEVLANDI esistenti da conservare** (Existing cypress hedges to be preserved) marked with green lines.
- biglietteria - bar** (Ticket booth - bar) located near the bottom left.
- aiuola** (Plant bed) located near the bottom left.
- accesso carrai** (Tractor access) located near the bottom left.
- autobloccanti in cemento** (Concrete autoblocks) located near the bottom left.
- ghiaia** (Gravel) area located near the bottom left.
- tribune** (Stands) located near the bottom left.
- muro di recinzione in progetto** (Project fence wall) marked with a dashed line.

IN PROGETTO  
PLANIMETRIA SCALA 1:200

Proposed planimetric drawing showing the new layout, including the new access point and the new fence wall. The drawing includes a legend:

- demolito** (demolished) - yellow square
- costruito** (constructed) - red square

The drawing shows the layout of the field, including the goalposts, and the surrounding area. Key features include:

- Corso Trento** and **Via Cherasco** running along the top and right sides of the field.
- Plante di alto fusto (carpini) esistenti da conservare** (Existing high-stemmed trees to be preserved) marked with green circles.
- Prato verde** (Green grass) areas.
- Plante di Siepe CIPRESSO LEVLANDI esistenti da conservare** (Existing cypress hedges to be preserved) marked with green lines.
- biglietteria - bar** (Ticket booth - bar) located near the bottom left.
- aiuola** (Plant bed) located near the bottom left.
- accesso carrai** (Tractor access) located near the bottom left.
- autobloccanti in cemento** (Concrete autoblocks) located near the bottom left.
- ghiaia** (Gravel) area located near the bottom left.
- tribune** (Stands) located near the bottom left.
- muro di recinzione in progetto** (Project fence wall) marked with a dashed line.
- apertura nuovo accesso** (New access opening) marked with a blue line.
- Parterre: Rellure ad alto calcestruzzo (tonalità colori delle terre)** (Parterre: High-strength concrete (color tones of the earth)) marked with a blue line.
- Plante di alto fusto (carpini) esistenti da conservare** (Existing high-stemmed trees to be preserved) marked with green circles.
- Prato verde** (Green grass) areas.
- Plante di Siepe CIPRESSO LEVLANDI esistenti da conservare** (Existing cypress hedges to be preserved) marked with green lines.
- biglietteria - bar** (Ticket booth - bar) located near the bottom left.
- aiuola** (Plant bed) located near the bottom left.
- accesso carrai** (Tractor access) located near the bottom left.
- autobloccanti in cemento** (Concrete autoblocks) located near the bottom left.
- ghiaia** (Gravel) area located near the bottom left.
- tribune** (Stands) located near the bottom left.
- muro di recinzione in progetto** (Project fence wall) marked with a dashed line.

\* PARTICOLARE MURO DI RECINZIONE

Technical drawing showing a detail of the fence wall. The drawing includes a legend:

- demolito** (demolished) - yellow square
- costruito** (constructed) - red square

The drawing shows the layout of the field, including the goalposts, and the surrounding area. Key features include:

- Corso Trento** and **Via Cherasco** running along the top and right sides of the field.
- Plante di alto fusto (carpini) esistenti da conservare** (Existing high-stemmed trees to be preserved) marked with green circles.
- Prato verde** (Green grass) areas.
- Plante di Siepe CIPRESSO LEVLANDI esistenti da conservare** (Existing cypress hedges to be preserved) marked with green lines.
- biglietteria - bar** (Ticket booth - bar) located near the bottom left.
- aiuola** (Plant bed) located near the bottom left.
- accesso carrai** (Tractor access) located near the bottom left.
- autobloccanti in cemento** (Concrete autoblocks) located near the bottom left.
- ghiaia** (Gravel) area located near the bottom left.
- tribune** (Stands) located near the bottom left.
- muro di recinzione in progetto** (Project fence wall) marked with a dashed line.
